

I contacted Jon Pence of Pence Bros. Siding Inc. regarding the hail and wind storm damage our house had sustained in the fall of 2008. From the moment we began working with Jon, he was very professional. He worked with my insurance company and assisted us in receiving the most we could with our claim. We needed a new roof, siding and windows. Jon gave us several choices of top brand products to use with our home. In the end, my family and I were amazed at how courteous and efficient the workers were when they transformed our house in less than a week. Our home looks absolutely fantastic and we owe it all to Jon and Jeremy Pence of Pence Bros. Siding Inc. We love the look of our NEW HOUSE! Thank you Pence Brothers!
